Repels Attack of Death

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." It's folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50c and \$1. Trial bottle free at all druggists.

Will Give \$500 to Sick of Keytesville and Vicinity

Indiana Scientist Who Originated the Now Famous "Home Treatment" Offers \$1.00 Treatment Free to Sick and Ailing.

In order that every reader of the Chariton Courier who needs treatment may have an opportunity to test this celebrated medicine, the now famous Indiana scientist has come to the front with an offer to give absolutely free a full size \$1.00 package to five hundred persons to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have told me afterwards that my treatment had cured them after doctors and everything else had failed. I want to show these despairing people that all the newspaper talk about my treatment is absolutely true. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged—that my treatment really and actually does accomplish the wonderful results that have been reported."

People who suffer from Rheumatism, Kidney Trouble, Stomach Trouble, Liver or Bowel Disorders, Catarrh, Bronchitis, Asthma, Chronic Coughs, Weak Lungs, Lumbago, Piles, Urinary Disorders, Female Weaknesses of any kind, the weak, worn out, broken down and despondent will be delighted at the effect of a few doses. This wonderful treatment creates a fine appetite and helps the digestive organs to carry on their functions as they should. It strengthens the kidneys, too, and drives rheumatism poisons from the blood as if by magic. That is why people who try it become so enthusiastic.

Any reader of the Chariton Courier who will try this extraordinary medicine that has created so much excitement by its cures can obtain absolutely free a full \$1.00 treatment by simply filling in the coupon below or writing a letter describing their case in their own words, if they prefer, and mailing it today to James W. Kidd, Fort Wayne, Indiana. No money need be sent and no charge of any kind will be made.

The Poll Tax a Relic

of Barbarism

Poll taxes have been handed down to us from the feudal ages when the common people were classed as property to be taxed like sheep or cattle, by the head.

Originally it was a perfectly just tax, because it was levied on the feudal lord and paid by him according to the number of serfs he was exploiting. As he was getting the lion's share of benefit from the labor of the people under him, there was every reason why he should contribute to the support of the government in proportion to the number of people he controlled and the tax by the head was the best way to determine that. It was evident that a duke with a thousand serfs should pay ten times as much as a baron with only a hundred.

The poll tax, therefore was simply the application of just principles of taxation to the conditions existing in the feudal ages. The feudal lord enjoyed a privilege conferred on him by law and he paid into the public treasury, the amount that the privilege was thought to be worth.

If the slave owners before our Civil war had been taxed so much per head for each slave, it would have been an exactly similar tax.

But in the course of time, the lords managed to shift the tax on to the common people, so that each man had to pay his own head tax.

Then the original good reason for the tax ceased to exist and it became a most unjust and senseless burden. The lord was paying for a legal privilege. The poor man who pays his poll tax does not enjoy any legal privilege and there is no reason why he should pay a tax for the simple fact that he is living.

For these reasons nearly all the civilized nations of the earth have abolished poll taxes as a relic of the dark ages.

The only prominent nations that still levy poll taxes are Russia, Turkey, Persia, China and twenty states of our United States. This is pretty bad company for us to be in and comment is unnecessary.

Ninety-one counties in Missouri still levy this tax. Is it any wonder that the state has lost ground?

If we take out the growth which has taken place in the large cities, the state of Missouri, outside of these, has not as many people as it had twenty years ago.

A large part of this result can be attributed to its barbarous system of taxation.

Fortunately the people of Missouri will have a chance to vote on this question at the next November election in 1912. An amendment to the constitution of the state has been submitted to them by means of the Initiative, which will abolish poll taxes, and forever prohibit them in the state.

There is no doubt that the enlightened people of Missouri will wipe this disgrace from their constitution and place their state on an equality with the other civilized communities of the world.—Eq. Taxation League.—[We will give publicity to such articles on the subject of the proposed constitutional amendments as space will permit.] Edtr.
